FREE, FAIR, and TRANSPARENT Elections

Maryland Voter Integrity Presentation Update

Presented by Robyn Sachs

# Elections without transparency deserve the full presumption of Fraud.

Maryland Vote 4 Counties – 2020, 2016, 2012, 2008

County	2020 Dem Vote Increase	2020 Rep Vote Increase	Population Growth 2016-2020	2020 Total Registration Growth	2020 Republic Registration Growth	2020 Democrat Registration Growth	2020 Win
Anne Arundel	35%	4%	3.6%	6%	-2%	8%	Democrat
Carroll	37%	3%	0.4%	3%	0.4%	3%	Republican
Frederick	37%	7%	6.3%	11%	3%	17%	Democrat
Hartford	34%	4%	2.2%	9%	4%	2%	Republican

County	2016 Dem Vote Increase	2016 Rep Vote Increase	Population Growth 2012-2016	2016 Total Registration Growth	2016 Republic Registration Growth	2016 Democrat Registration Growth	2016 Win
Anne Arundel	1%	-3%	3.8%	8%	8%	6%	Democrat
Carroll	-5%	3%	0.4%	8%	10%	-1%	Republican
Frederick	2%	1%	6.3%	12%	9%	12%	Republican
Hartford	-5%	7%	2.2%	9%	12%	1%	Republican

County	2012 Dem Vote Increase	2012 Rep Vote Increase	Population Growth 2008-2012	2012 Total Registration Growth	2012 Republic Registration Growth	2012 Democrat Registration Growth	2012 Win
Anne Arundel	1%	-2%	3.8%	7%	5%	3%	Democrat
Carroll	-0.4%	4%	0.4%	6%	7%	-4%	Republican
Frederick	2%	7%	6.3%	11%	8%	6%	Republican
Hartford	2%	2%	2.2%	8%	9%	-1%	Republican

It's a FACT:

Governor's Race was called with less than 1% in and Dan Cox was leading.

WE THE PEOPLE OF MARYLAND REQUEST A FULL AND COMPLETE AUDIT OF THE UPCOMING GENERAL ELECTION IN NOVEMBER, 2022

Harford County Maryland – For Immediate Release: Due to the findings of numerous voting anomalies during an independent investigation of the 2020 Presidential General Election by **WE THE PEOPLE OF MARYLAND**, we implore the HC BOE for a prompt, full and COMPLETE audit of all Harford County Precincts, ballot box deposited ballots and mail-in ballots. Complete is defined as with utilization of the most currant 2020 Harford County voter rolls, most recent Census data and the full information of recently moved and deceased Harford County residents be provided by Harford County Board of Elections and where necessary Harford County government and its agencies.

It is imperative that immediately, as is reasonably possible, the existing Harford County voting rolls be updated by the removal of voters who are deceased, have moved to another county/state or have been inactive for two general elections. This maintenance process is required under federal and Maryland Law. Election security should always be a top priority. Accurate and up-to-date voter rolls are vital to secure elections, and voters should have the opportunity to update their information. Accurate voter rolls ensure a smooth process at the polls and helps with costs as clean and up-to-date information gives the Harford County Board of Elections a better idea of how many ballots will be needed, quantity of staffing at the precincts, etc.

We the People of Maryland offer the following plan to verify previous requests and conduct a full and complete 2022 General Election Audit:

1. Verify that submitted Press Release dated June, 2022 titled: WE THE PEOPLE OF HARFORD COUNTY FIND VOTERS IN 52 EMPTY/ABANDONED ADDRESSES AMONG OTHER ANOMALIES has been honored and completed prior to the primary election of July 19, 2022 including*:
   a. 52 addresses found empty or on abandoned property
   b. 151 voters who moved
   c. 15 people unknown to the residents
   d. 4 addresses were businesses, not residences
   e. 1 non-citizen who voted
   f. 8 voters were deceased
   g. 6 voters did not appear on the voter information we had for those residences
   h. 11 voters live out of state
   i. 19 voters did not live here in 2020
   j. 7 voters voted elsewhere
   k. 3 residences received ballots for people who did not live there

2. Harford County Board of Elections is requested to promptly answer how the following will be performed for the November, 2022 audit**:
   a. What will the audit procedures be in full detail?
   b. When will the audit take place?
   c. Where will the audit take place?
   d. Who will lead the audit? How many of our volunteers will be needed and thus when required to be available?
   e. Identify the sources of funding the HC BOE will offer to support the audit.
   f. Who will observe the audit? Representatives from what parties and others?
   g. How does the audit work in practice? What improvements to current processes are needed?
   h. What resources are needed to implement an election audit?
   i. What will be the steps to achieve a hand-count of the November, 2022 General Election?
   j. What kind of post election tabulation audit should be used – traditional or risk-limiting***?
   k. Who can access the paper ballots?
   l. Who will audit returned voter identification cards for changes of addresses, deceased and duplications resulting in voter roll cleanup and purged voter rolls?

*Supporting Harford County election data available upon request.

We The People of Maryland implore the Harford County Republican Central Committees and Democrat Central Committees to join in this effort to keep our Harford County elections beyond reproach for accuracy and that each and every vote is counted as voted upon by each current and actively registered Harford County citizen.

END of RELEASE

Edison Data on Neil Parrot Race

2022 Midterm - House 6
Candidate Number of Votes at Displayed Time

David Trone (51.3%)   Neil Parrott (48.7%)

12:00 104,664 still leading
13:15 102,669 lost lead
20:45 104,095
21:10 104,606
08:20 104,784
From 13:15 when 1,994 votes taken away, Neil lost the lead and never got it back.

Here is what they do in France. Paper poll books that you sign with ID, paper ballot dropped in a clear glass box. Apparently, the ballots are mailed to you but you have to drop them off in person. What a travesty, we have been brainwashed into accepting hackable voting **machines**.
